SO ORDERED:

United States v. Arthur Bogoraz, 22 Cr. 19 (PGG)

Paul G. Gardephe
Paul G. Gardephe, U.S.D.J.

Dated: Feb. 25, 2025

Dear Judge Gardephe:

My firm is counsel to defendant Arthur Bogoraz in the above-captioned case. Mr. Bogoraz is presently scheduled to surrender to the custody of the Bureau of Prisons on March 3, 2025, to begin serving his five-year term of incarceration.

I respectfully write, with the consent of the Government, to request that the Court adjourn Mr. Bogoraz's surrender date for a period of 60 days, in order to allow him to undergo an Anterior Cervical Discectomy and Fusion surgery on February 27, 2025, which (based on information provided by the doctor to Mr. Bogoraz) should have a recovery time of approximately 60 days. Mr. Bogoraz underwent an MRI on February 13, 2025 for pain in his shoulder, and has now been referred for surgery to address his condition. The surgery is scheduled to be performed by Dr. Kirill Ilalov at Health East Ambulatory Surgical Center in Engelwood, New Jersey. I have filed as Exhibit A to this letter a letter from the Health East Medical Alliance confirming the surgery (which was also provided to the Government in the course of asking for their consent to this application).

Although this medical event is the primary basis for Mr. Bogoraz's request for a 60-day adjournment, it is also my understanding that Mr. Bogoraz has not yet received his designation from the Bureau of Prisons, and I am anxious that he not be incarcerated at the MDC, particularly given his prior health issues while incarcerated

there and his current health issues. I believe the requested adjournment will allow Mr. Bogoraz to receive his designation before his surrender.

I thank the Court for considering this request.

Respectfully submitted,

MAX NICHOLAS LLC
